

## YC-65W4CA 4-Channel Portable Charging Case

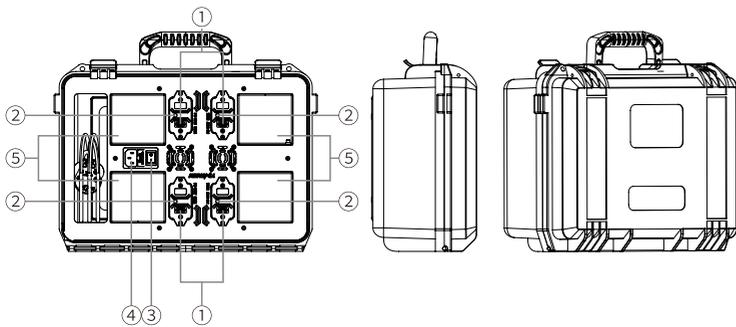

# User Manual

Thank you for choosing our product, please read this manual carefully before operating and save it for future reference.

### Features

- 2-in-1 charging and carrying design, specially designed for outdoor shooting and convenient travel;
- Four-port Type-C parallel fast charging, up to 65W PD per port, 260W total;
- Gallium Nitride (GaN) charging module, high efficiency, low heat generation, more stable for long-term use;
- IP65 Dust & Water Resistant, one-piece high-strength housing, suitable for various environments;
- Built-in intelligent temperature control system and efficient heat dissipation structure for long-lasting stability;
- The product has passed CE certification.

### Appearance

- ① USB-C Ports × 4    ② Power Indicators × 4    ③ Main Power Switch  
④ AC Power Socket    ⑤ V-mount Battery Charging Slots × 4

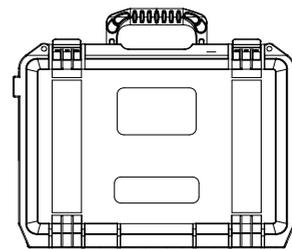

### Precautions

- Ensure the lid remains open during charging for safety.
- Do not immerse the product in water.
- Do not throw the product into fire.
- Do not drop, hit, crush, or apply physical shock to the product.
- When not in use, store in a cool and dry environment.

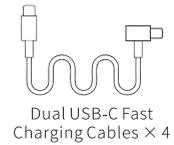

### Technical Specifications

Model	YC-65W4CA
Input	90~240V 50/60Hz 6A
USB-C Output	5V==3A; 9V==3A; 12V==3A; 15V==3A; 20V==3.25A
Single-channel Output Power	65W (Max.)
Operating Temperature	-10~40°C
Dimensions	325×275×150mm
Weight	2.85kg

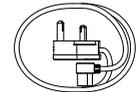

### Package Contents

YC-65W4CA × 1

Dual USB-C Fast Charging Cables × 4

220V Power Cable × 1

### Instructions for Use

- Connect the charging case to an AC power source, and use the Type-C port to connect the batteries for charging.
- Turn on the main power switch. When the power indicator turns red, the charging case will detect the batteries and begin charging. At this time, the charging indicator will also light up in red.
- When the charging indicator turns green, charging is complete. Please turn off the main power switch, the power indicator will turn off, and disconnect the power supply.

\*This product is compatible with all Blade series batteries. When using with third-party V-Mount batteries, ensure the battery dimensions are smaller than 75 × 68 × 121 mm and that the USB-C port is located at the top of the battery.

### Warranty

- Within 7 days from the date of purchase: free return for quality-related performance failure.
- Within 15 days: free replacement or repair for performance failure.
- Free repair service within 1 year from the date of purchase.

This warranty does not cover any problems related to the following:

- Damage caused by normal wear, scratches, rust, or deterioration
